

# Countdown to 2020 ... Picture Yourself Without a Home - Living Outside

Take a moment to look out your window. Now picture yourself without a home and having to live - to sleep - outside. Can you imagine it? Yet every day, 6,000 youth are living without a home. Tonight 6,000 youth will sleep out in the cold. These are their stories:

*I've slept on the streets.*

*At night it gets really cold.*

*Even on the warm nights it's somehow cold.*

*It was hard falling asleep every night just want to give up.*

*I cry a lot, almost every single day.*

*Home isn't even a word when you're on the streets.*

*I didn't choose to be.*

*I'm tired ... and this has proven to be harder than I thought.*

*But I can move forward with HOPE 4 Youth.*
